**Attention:** Judith Brown, Project Manager  
Toronto Central PossiBUILdity Renovation Project

**Dear Judith Brown:**

I am writing to thank you for the services provided to us over the years.

We, the residents, are thankful and proud of you and your team for the food being brought to us. I do hope this letter will be of significant help to assist in requesting the funds desired or required to make the renovation project become a reality.

Communities need such programs. What is most important is having a place to be home and be able to deliver for different individuals. It would be an asset for people to quickly visit and participate.

Finally, I am taking the opportunity on behalf of the tenants to endorse your team for dreaming about such a program and to take the challenge to go forth to make it a reality.

Nothing can be started without funding for the project. May you receive all the funding required to complete this good work.

**Sincerely,**

**Hyacinth B. Kowlessar**
