Re: Letter of Support for Toronto Central's PossiBUILDity Project

Dear Sir/Madam:

Toronto Community Housing Corporation (TCHC) is the largest social housing provider in Canada and the second largest in North America. It is home to about 164,000 low and moderate-income residents in 58,500 households, including seniors, families, singles, refugees, recent immigrants to Canada and people with special needs. Through collaboration and with residents' needs at the forefront, we connect residents to services and opportunities, and help foster great neighbourhoods where people can thrive.

I am writing this letter to support Toronto Central's objectives and action plan to address growing food insecurity and provide TCHC residents with programs and services that will enable and empower them to achieve better health outcomes.

I have witnessed Toronto Central's commitment to reaching people where they are and making their lives better through community partnerships and the collective, dedicated effort of their volunteers. At 855 Roselawn Ave., through their partnership with Second Harvest and Cobs Bread, they continue to distribute produce and baked goods to residents; this was especially valuable throughout the pandemic when many residents needed support the most.

Another objective TCHC supports is Toronto Central's expansion of programs and resources through partnership with organizations such as TAIBU Community Health Centre and their Ubuntu Village Project for seniors.

TCHC supports and will continue to collaborate with Toronto Central in their efforts to positively impact the lives of TCHC residents seeking economic independence, social development and better health outcomes. They are deserving of every financial and in-kind donation possible to complete their projects and increase their capacity so to best serve TCHC communities.

If you have any further questions, please do not hesitate to contact me at 416-873-6934 or at Sikander.Panag@torontohousing.ca

Sincerely,

Sikander Panag
